To Whom It May Concern:

REFERENCE: Letter of Recommendation for Heba Abeed

We are delighted to have the pleasure of working with Heba Abed on Lessons For Life – English Arabic website translation. Lessons For Life International published interactive English software titles.

We contracted Heba in March 2009 to translate the Lessons For Life website into Arabic Language. The translation of the website content was more than 5,000 words. We are very impressed with the speed, quality, and accuracy of her translation. She proved to be extremely reliable, prompt and professional. Her customer service is second to none, her ability to react to quick last minute changes is excellent. The excellent service Heba provided was very much appreciated.

We would have absolutely no hesitation in recommending Heba to any potential client needing Arabic translations. We intend to utilize her translation services for our company's future requirements.

Kind Regards

Adam Apak
